SAJITH MADUSANKA

Associate full-stack webdeveloper

About Me

As a software engineer with eight months of industry experience, I am dedicated to producing high-quality work that meets the needs of my clients and end-users. I have a strong skill set in website development, software development, and user documentation, which allows me to create effective solutions that are both functional and user-friendly. I am committed to staying up-to-date with the latest industry trends and technologies and am always looking for ways to improve my skills and knowledge.

Communication Skills

- English
- Sinhala

Relevant Project

- POS System in Supermarket - C#
- Travelling Website - html,css,js,php
- CRM System - React
- Mini Bird Game - C#
- Online SuperMarket - Backend nodejs
- Online Pos System - Next js backend
- Blog Website - Laravel 8

Experience

**Sterling Bpo Solution-Seeduwa
2022.Aug-14 - 2023.March-14**

- Learned about the operations of the company's software programming team.
- Developed a CRM system using ReactJS and integrated it with a backend API using Axios.
- During my six months of experience in WordPress development and custom Plugin Development, I had the opportunity to work closely with the software programming team of the company.

**Maytech pvt ltd - Orion City, Bellatrix Building,
2023-march-14 - 2023.June-30**

During my four-month training at Maytech, I specialized in custom WordPress plugin development. I honed my skills in creating tailored plugins, enhancing functionality, and ensuring seamless integration for optimal website performance.

**Cybertech Innovation HoranaRoad- Bandaragama
2023-July**

During my six-month training at Cybertech Innovation, I've immersed myself in backend development, mastering Next.js, Laravel, Node.js, and MySQL. This hands-on experience has honed my ability to craft robust and scalable backend solutions. In the dynamic realm of Next.js, I've built responsive web applications, while Laravel empowered me to create efficient PHP-based backend systems. Node.js facilitated the development of real-time applications, and my proficiency in MySQL ensures effective database management.
